

King 361/561

Manual and Power

Adjustable headrest, with an infinite number of comfort positions, provides ultimate support for your neck while reading, watching TV or resting.

Effortless reclining. Shift seating position and back rest angle by using your body weight.

Glide-lock on both manual and power recliners.

Smart storage for your power supply or battery pack on power recliners.

Clean back profile with an easy access to the handle that turns glider locker function on and off.

Anatomically correct shaped interior steel frame with sinuous springs and a **patented built in dynamic lumbar support** system for optimal lower back support regardless of reclining position.

The patented advance mechanism provides a **smooth gliding function** and swivel actions that easily turns 360°

Low profile hard wood seat frame with enforced sinuous steel springs and high-density computer-controlled injection molded foam provides superior seat comfort and durability.

The **long footrest** can easily be unfolded by pulling the inside handle. To fold it in use the feet to press the footrest down and towards the chair and move your body weight forward while sitting.

Strong and wide base provides durability and superior stability. Only environmentally friendly water-based paint has been applied.

Standard chairs weight from 49 kg/108 lbs to 59 kg/130 lbs and Large chairs weight from 51 kg/112 lbs to 61 kg/134 lbs, depending upon selected functionality.

H2 recliners have been tested for 130 kg/287 lbs capacity.
